Tignes is one of five villages located at the base of La Grande Motte, one of Europe's largest glaciers.

Tignes is connected with Val d'Isere for a combined network of over 186 miles of runs linked by 90 lifts. Massive vertical of over 5,000 feet is the main attraction for skiers from all over the world, with more terrain than you could possibly cover during one visit.

This France ski vacation offers fantastic world class skiing all year long. Ski Tignes and discover dazzling sunlight and feathery crystalline snow are hallmarks here.

A new funicular (underground express) enables 300 skiers at a time to reach 9,995' in a mere 6 minutes.

The carving and cruising at Tignes is fantastic, especially if you do not want to ski the same run twice, if you manage to try every run at Tignes, you still have all of Val d'Isere on the same ticket!

Life at L'Espace Killy is grand! If that is not enough there is: para-gliding, snow scooter, husky drawn sleds, under ice diving, snow shoeing, ski touring and hiking.

- 12,355 skiable acres
- Top elevation 11,319'
- Base elevation 5,085'
- 156 trails (17% expert, 26% advanced, 42% intermediate, 15% beginner)
- 90 lifts
